**WELCOME** We are thrilled to have you join us at Broadview Church this morning. May you genuinely experience the presence of God among us! We are a church for anyone. It doesn't matter where you are in life, where you are from or where you have been - there is something for everyone at Broadview. Our desire is to be an authentic community that impacts our world. Regardless of where you are on your spiritual journey; we invite you to join us. Please visit the Welcome Centre or our website [broadviewchurch.ca](http://broadviewchurch.ca) - for information on the various ministries of our church.

# Missionary Update

## Richard & Marylin Schlitt - OMF

We are so grateful for the Broadview E Free Church who has stood beside us through many years of ministry. This Feb we will have been with OMF 46 years by God's grace.

Richard is currently the director for the Canadian Diaspora work among East Asians in Canada ( Called Connection East Asia). Marilyn is part of a leadership Team that resources and supports OMF leaders globally, We both do mentoring and training of leaders in OMF. We do this mostly on line but like the last two weeks we sometimes travel to give pastoral care to leaders like we have just done for the leaders in Thailand. We also have heard the fresh stories of people coming to Christ in very difficult situations, some having their homes destroyed and being driven out of the village. Some areas remain resistant to the gospel but others are very fruitful at this time. One of Richard's tasks on this trip was to help OMF leaders discern the progress of the work and work intentionally towards complete transition to national leadership, in the works that are ready for that transition.

We live in Prince George where Richard is an elder and Marilyn leads worship about 2 times a month ( when we are home!). We do see ourselves becoming OMF active retirees in the near future and we will keep you posted. Thank you again for your wonderful partnership in the Ministry of reaching East Asians for Jesus!

# VALENTINOS
